### \*\*\*UPDATE – NOVEMBER 5, 2012\*\*\*

During the course of the continuing investigation regarding the shooting incident that occurred on the evening of November 4, 2012, police personnel located another adult male victim at approximately 7:45 a.m. on November 5, 2012. The male was located in a desert area that was in the same vicinity where the shooting incident occurred. Emergency medical personnel from the Tucson Fire Department responded to the area as well. They ultimately transported him to a local hospital for further medical evaluation and treatment. He remains at the hospital in stable condition. At this time, detectives cannot yet confirm that the male located on the morning of November 5, 2012 was involved in the shooting incident. However, due to the fact that he was found in the same vicinity as the other victims, detectives will thoroughly explore his possible involvement in that investigation.

The investigation continues, and detectives request that anyone having information about the incident to please call 911 or 88-Crime. It should be noted that SWAT personnel conducted an interior check of only one of the houses in question instead of two houses as was previously reported.

gunshot trauma. The victim inside the vehicle was pronounced deceased at the scene. The victim found in the desert area was transported to a local area hospital with serious injuries. Officers received information that one of the individuals involved in the shooting possibly ran into a nearby residence. Officers secured two residences and attempted to make contact without success. Personnel from the SWAT Unit responded and made entry into both locations. No one was found in either of the homes.

Homicide Detectives and Night Detectives responded to continue the investigation. They examined and collected evidence at the scene and spoke to neighbors in the area. At this time, no suspects have been identified and the investigation is ongoing. Anyone with information about this incident is urged to call 911 or 88-CRIME.
